seating designed for high impact heavy traffic public space environments Florence Gordon:

3 of 3 review helpful I enjoyed reading this book By JAMIE L HARMON I enjoyed reading this book much as I might enjoy sampling different foods served at a large meal The apparently random length of the chapters allows the reader to take a bite like an appetizer in some places and then to feast in others I found that interesting curious and compelling The writing is excellent Fragnanced nuanced sharp and satisfy ldquo Exquisitely crafted Witty nuanced and ultimately moving rdquo mdash Maureen Corrigan Fresh Air nbsp Named a Best Book of the Year by NPR the nbsp San Francisco Chronicle nbsp Salon nbsp and nbsp The Millions nbsp and a Best Fiction Book of the Year by the nbsp Christian Science Monitor nbsp middot Finalist for the Kirkus Prize middot nbsp Chicago Tribune nbsp Editor rsquo s Ch Always a pleasure to read for his well drawn characters quiet insight and dialogue that crackles with wit Morton here raises his own bar in all three areas Kirkus starred review Morton rsquo s characters are sharply drawn vivid in temperament
