0 of 0 review helpful EXCELLENT By Gabrielle Schaefer This is a great book Not only does it give us more insight in some of the cases they ve been a part of but it gives us sage advice we all need to keep ourselves and those around us safe from the negative entities that surround us all every day They also prove the importance of having and using a positive mind and spirit in our every day life They lived that way and If you think ghosts are only responsible for hauntings think again The Demonologist reveals the grave religious process behind supernatural events and how it can happen to you Over twenty years in print here is the original uncut version of this classic text Illustrated with photographs of phenomena in progress every sentence in the book is true Used as a text in seminaries and classrooms this is one book you can t put down My research relied heavily on The Demonologist It scared the daylights out of me Profoundly Vera Farmiga Academy Award Nominee Philstar comI watch read a lot of scary stories But The Demonologist true life account of Ed Lorraine Warren
