## A Critical Analysis:

This academic text features articles regarding paranormal extraordinary or fringe science claims. It logically examines the claims of astrology, psychic ability, alternative medicine, and health claims after death communication, cryptozoology, and faith healing, all from a skeptical perspective. Paranormal Claims is a compilation of some of the most eye-opening articles about pseudoscience and extraordinary claims that often reveal logical scientific explanations. Reading the chapters in this fine anthology will make you smarter and better able to cope; they will give you tools to allow you to sift sense from nonsense about all manner of claims and assertions that swirl about without much intelligent evaluation or response.
