0 of 0 review helpful A triangle of romance suspense and spirituality By Linda O This book offers a well written romantic plot along with the suspense of murderous forces surrounding and attacking the heroine and the community she visits The plot is inseparable from two strong religious viewpoints the existence of spiritual warfare and exposure of abortion as killing a baby not merely expelling nondescript tissue No d Chrstine McKay has spent a lifetime honing her skills as a reporter and becoming an authority on the occult and New Age But nothing could have prepared her for the terrifying evil she encounters when she investigates a ritual murder in picturesque Sedona Arizona
