1 of 1 review helpful Another lesson from my tutor By Little Miss Write I am doing a creative writing course with Claudia Gould as the tutor and I thought it would be informative to read her thesis on religion in America I love the way she listens to the voice of the story teller and gives the flavour of the language used to great effect in her stories The stories vary in length but are very interesting so I wou Drawing on ethnographic field work she conducted among Christians in her home state of North Carolina Claudia Gould crafts stories that lay open the human heart and social complications of fundamentalist belief These stories and the compelling characters who inhabit them draw us into the complex essence of religious experience among southern American Christians
