10 of 10 review helpful One of the best books I ve ever read By Laura Bruno This book blew me away in its scholarly approach to ancient folk songs and the bardic tradition and what these reveal about true magic and UnderWorld initiation My brain kept going off like popcorn as RJ Stewart explained in depth and through tradition conclusions that I d drawn through personal experience I love that he s not in any way shape The authentic core of Western mysteries revealed through oral traditions Celtic myth and legend Provides a unique insight into the initiatory path of Western esoteric system About the Author R J Stewart is one of the leading authors of Celtic Magic Mythology UnderWorld and Faery traditions
